

45' HIGH CUBE PALLET WIDE CONTAINER

SPACE

(internal)

Length (m) ----- 13,55

Width (m) ----- 2,44

Height (m) ----- 2,69

Loading model:

33 Euro pallets (1200x800 mm)

DOOR OPENING

Width (m) ----- 2,41

Height (m) ----- 2,61

PAYLOAD

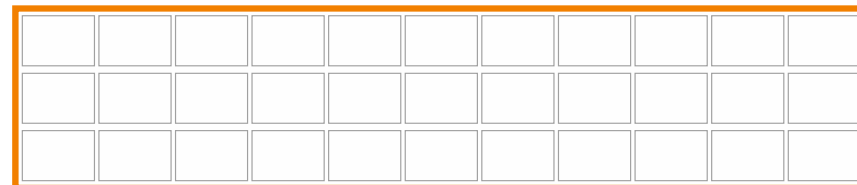

Cargo

net weight (t)--- 26,50

CAPACITY

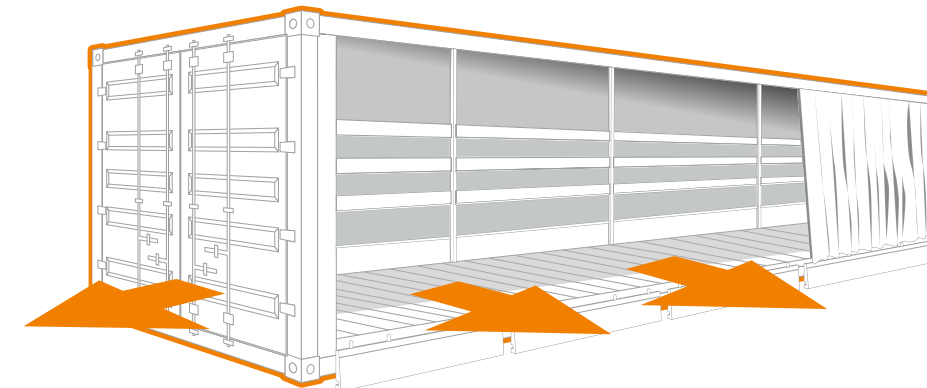

1200x800 mm ----- 33

1200x1000 mm ----- 26

Keep the loading **SAFE** and **STABLE**

45' PALLET WIDE CURTAIN-SIDE CONTAINER

SPACE

(internal)

Length (m) ----- 13,55

Width (m) ----- 2,45

Height (m) ----- 2,47

Loading model:

33 Euro pallets (1200x800 mm)

DOOR OPENING

Width (m) ----- 2,42

Height (m) ----- 2,35

PAYLOAD

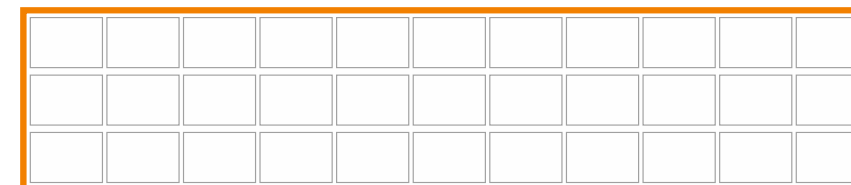

Cargo

net weight (t)--- 25,00

CAPACITY

1200x800 mm ----- 33

1200x1000 mm ----- 26

EUNITS

DOOR TO DOOR SOLUTIONS

THINK INTERMODAL **TAKE CARE OF THE ENVIROMENT** CHANGE ROAD TO RAIL

HOW WE'RE DOING INTERMODAL CONNECTIONS?

1. First step is loading to our **45' container**.
The local truck is used only for the short distance between factory and a rail terminal.

2. Loaded container is dropped off the truck on terminal and from now it's traveling on a train to the terminal closest of the delivery place. This is the moment where our work is most efficient because **90% of the distance it's traveling by train**.

3. When container arrives to the destination terminal it is dropped off the train and is delivered by **the local truck** to unloading facility.

One tree needs **one year** to reduce
6 kilograms of CO₂.
To reduce one tone of CO₂ we need
166 trees!

By serving our clients with **intermodal solution**, PCC Intermodal managed to **save** over **391 500 t CO₂** in 2023 only!

INTERMODAL A GREEN WAY

PCC INTERMODAL
Leader of intermodal transport in Poland.
Part of the PCC Group.

The company organizes intermodal transport based on the regular rail connections and door-to-door deliveries.
For intra-european flows the company is operating own 45' high cube pallet wide and curtain-side container fleet.
